**Subject:** updates to HSR internet site

Hi, Lu-Ann.

We've identified some updates that need to be done to the HSR internet pages on the OSA website. These are both to make sure the site is updated based on the revised Order, and also to address Tom's request that we review the site to make sure it's appropriate for the transition teams.

We've included all of the changes in the attached document. Would you please ask the contractors to make these changes?

Thank you,

Toby
